The screenshot shows a web application interface for managing attendance records. At the top, there is a navigation bar with a hamburger menu icon on the left and several utility icons on the right: a clock with a '1' notification badge, a speech bubble with a '1' notification badge, a keyboard icon, and a user profile icon with a dropdown arrow. Below the navigation bar, the main content area is titled 'Attendances' and includes a search bar on the right and a '+ Create' button on the left. A dark grey header bar displays the date '08 Jan 2021' and a partial date '04 Jan' on the right. The main data area features a yellow card for 'Daniel Kim(Driver Kim)'. This card is highlighted with a blue border. On the left side of the card, there is a profile picture icon and the text 'Daniel Kim(Driver Kim)'. Below this, a calendar icon is followed by the text '01/08/2021 09:06:59 -'. On the right side of the card, there are two red buttons: 'Checkout' and 'Lunch : 0'.
